Turn, join to one point, * ch 11, dtr in next tr, (ch 9, a Cluster between next 2 Clusters) 4 times, ch 9, a Cluster in 3d st of next lp, (ch 9, a Cluster in next st) 3 times, (ch 9, a Cluster in next lp) 4 times, ch 9, dtr in tr, ch 11, sc in point. Repeat from * around. **EDGE**—* 12 sc in next lp, (5 sc, a p and 5 sc in next lp) 13 times, 12 sc in next lp. Repeat from * around. Fasten off.
Stretch and pin right-side-down on a circle 3" larger. Steam and press dry thru a cloth.

Sofa Set

(Continued from Page 32)

sl st across in last p on No. 1—Stripe, ch 2, sl st back in last tr to complete p, ch 6, a Cluster, ch 1, sc between next 2d and 3d rows. Continue across side, joining each p to corresponding p on last stripe. Complete across end and other side. Join Nos. 3, 4, 5 and 6 Stripes in turn in same way. Do not cut after final Stripe but continue with **TOP EDGE:**—* (Ch 7, sc in 5th st from hook for a p, ch 3, sc in next sp) 13 times to corner, ch 7, p, ch 3, tr down in joining of Edge, ch 7, p, ch 3, sc in corner of next section. Repeat from * across top. Fasten off.

ARM REST DOILY—Repeat Long Stripe, Edge and Top Edge. Make a 2d piece, reversing chart. Stretch and pin right-side-down in true shape. Steam and press dry thru a cloth.

TERMS AND EXPLANATION OF STITCHES

CHAIN STITCH (ch)—Start with a slip knot on hook. * Thread over and draw thru loop on hook. Repeat from * until ch is desired length.

SLIP STITCH (sl st)—Insert hook in work, catch thread and draw thru work and loop on hook at same time.

SINGLE CROCHET (sc)—With a loop on hook, insert hook in work, catch thread and pull thru work, thread over again and draw thru the 2 loops on hook.

HALF DOUBLE CROCHET (hdc)—Make like dc as far as *, then thread over and draw thru all 3 loops on hook at once.

DOUBLE CROCHET (dc)—Thread over, insert hook in work, catch thread and pull thru work, making 3 loops on hook. * Thread over and draw thru 2 loops, thread over and draw thru remaining 2 loops.

TREBLE (tr)—Thread over twice, insert hook in work, catch thread and pull thru work, making 4 loops on hook. Work off in groups of two as in dc.

For a Double Treble (dtr), thread over 3 times for a Triple Treble (tr tr), thread over 4 times and for a long Treble (long tr), thread over 5 times; taking off 2 loops at a time as in tr.

PICOT (p)—A Picot is made on a chain by working a sc in the specified st from hook, taking up 2 loops of ch st—the left-hand loop and the 1 back loop. A Picot is made following a sc, dc, tr, etc., by making the specified number of ch sts, then a sl st in side-top of st preceding chain.

PICOT-LOOP (p-loop)—This consists of a chain loop with 1 or more picots on it.

TO INCREASE IN CROCHET—Make 2 stitches in one. Always increase in 2nd stitch from edges.

TO DECREASE IN CROCHET—Before working off last loop insert hook in next stitch and work off both loops of both stitches together.

CLUSTER—This consists of 2 or more dc, tr, dtr or tr tr gathered together at top into a tight group, as follows: —Hold the last loop of each st on hook, then thread over and draw thru all loops on hook at once.

CLONES KNOT—Make a ch the specified length, * thread over, swing hook forward and down and thread over under ch, bring hook forward and up again. Repeat from * 7 times for a 16-loop Knot or 8 times for an 18-loop Knot, working rather loosely. Thread over and draw thru all loops at once, thread over and draw thru the loop on hook, pulling tight, 1 sc around ch at base of Knot (a Clones Knot completed).

The term "fasten off" is used whenever the thread is to be cut 6 or 7 inches from the work, slipped thru the loop on hook, pulled tight, threaded to a sewing needle and fastened securely on back of work.

* (asterisk)—Repeat the instructions following the asterisk as many times as specified, in addition to the original.

Directions in parenthesis should be repeated as many times as specified. For example:—"(Ch 3, dc in next dc) twice" means to make everything in parenthesis twice.

GAUGE—Compare your work with gauge specified. If you crochet more tightly or too loosely, use a coarser or finer needle, to secure correct measurements.

BLOCKING—Stretch and pin article right-side-down in true shape on a well-padded board, using rust-proof pins. If article is too large for pressing board, stretch in sections. Be careful to pin out all picots, loops, scallops, etc., around outside. Steam thru a damp cloth with a hot iron, then press dry thru a cloth. When thoroughly dry, remove pins.
